

## FAIR TEUTON "SPY" FOUND TO BE INSANE

SAN FRANCISCO, Jan. 16.—Mrs. Elizabeth Quistorf, who was arrested in Hanford as a German spy suspect, has been pronounced insane by physicians representing the army intelligence bureau, following an examination at the detention hospital here today. Mrs. Quistorf will be given into the custody of her family physician and relatives at Santa Rosa, with the understanding that she be placed in an asylum.

A Federal official said this morning: "We believed that her mind was inflamed by the stories that she read of the war and her mind broke down. The documents found in her possession were pure invention, and her story of being a German spy a figment of her imagination. She perhaps had pronounced views on the war, and with the declaration of war by the United States her mind gave way. We had some doubts as to her mental condition when she was arrested, which were verified with today's examination."

Mrs. Quistorf asserts that she is not insane, and that she will not plead insanity to escape the punishment that will be hers if it is found that she really is a spy. At first there was a suspicion that she was the mysterious Madame H., but this proved without foundation.

While in jail in Hanford Mrs. Quistorf caused the impression that she was reigning insane, but today it was this was the case, and rather vainly asserts that the spy suspicion against her are true and intimates that the full extent of her efforts in behalf of Germany are not known to the authorities.

Although she asserted that she had served the Kaiser to the best of her ability, Mrs. Quistorf refused to give any inkling of what she had done or to identify the guiding hand in her activities as any one save "certain parties."

She would neither admit nor deny that she knew Franz Schulenberg nor tell who the man that used the signature "German" on a letter found in her possession might be.

"German," she laughed. "Sure, he's a spy."

She said that she had met "certain parties" in Santa Cruz in May and had gone to Portland in the interest of German intrigue.

"I had afterward made connections with 'certain parties,'" she said, "federal authorities would never have got me. I was going south."

## MINISTER DIES

Succumbing to a sudden attack of heart disease, Rev. Robert K. Baptiste, pastor of the Portuguese Methodist Episcopal Mission at Nineteenth avenue and East Sixteenth street, died this morning at 5:15 o'clock in his home at 1735 Nineteenth avenue after an illness of only a few hours. He remained yesterday afternoon that he did not feel well after his return from some charitable visits among his parishioners, but his illness was not regarded as serious.

Deceased was born in Jacksonville, Illinois, and was 52 years of age. He had been pastor of the Portuguese Mission here since 1905. He is survived by a widow and four children: Harold, Robert, Luther and Margaret. Burial will be held on Friday afternoon at 3 o'clock in the Portuguese Mission.

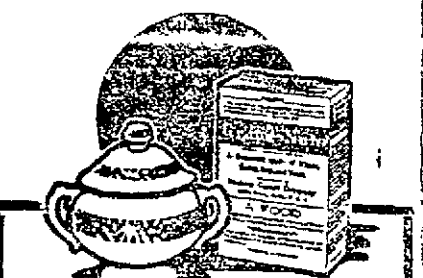

## TEACH NURSING

BERKELEY, Jan. 16.—A course, beginning and advanced, in "First Aid" and "Home Nursing" is given every Thursday evening at the Edison Night School, Russell street, near Grove. This subject is given as one of the night school courses and is free to the public. It consists of the regular "First aid" work and a thorough training in "Home Nursing." Certificates will be issued to those completing the course.

## ARE RENOMINATED

Charles Fay, postmaster in San Francisco, and Byron Millard, postmaster in San Jose, have been renominated by President Wilson according to word received today from Washington. Other California postmasters renominated are those at Marysville and at Redding.

TOO YOUNG TO WED.  
Helen T. Perada has filed application for the annulment of her marriage to Antonio Perada, on the grounds that when the marriage was performed in August, 1914, she was under the age of consent and that she did not have the consent of her parents, who live in San Leandro.

## ROMANCE TAKES MAID FROM HER CIGAR COUNTER

The easiest way to a man's heart is not through his stomach at all, despite the old proverb—but by picking out the choicest two-bit cigars for him, and always having them handy when he wants them.

So opines Mrs. Tom Crawford, who until last night was Miss Anna Glen, pretty proprietor of the cigar stand at the Hotel St. Mark. For many moons past she has saved the choicest cigars in stock for Tom Crawford, a United States immigration bureau official living at the hotel, and the result was the beginning of a romance that last night culminated in the marriage of the two. Crawford's fellow-officers attending. After a brief honeymoon in the south they will make their home in Oakland.

## 4 SHOTS FIRED AT RUSSIAN PREMIER

(Continued From Page 1)

aimed to carry on a revolution and a civil war in Germany. Foreign Minister Trotsky pointed out that German newspapers with their propaganda were freely granted entry into Russia. He outlined that some of these newspapers had been returned to Petrograd while the Bolsheviks would take their place in exile.

"I don't represent any government," Hoffman was quoted as declaring in reply. "I represent the German people. I won't discuss policies of the government."

## OPEN DISCUSSION IS SOUGHT BY TROTSKY

"I am sorry for my inability to understand General Hoffman's position," Trotsky was quoted as replying. "It is only to be explained in the difference of our viewpoints as to the conditions of the armistice. In our belief it cannot limit the expression of opinions of the Russian republic or its government."

At this juncture German Foreign Minister Kuhlmann interjected that "interference in the affairs of Russia was the basic principle of Germany's position, and this was only provided the arrangement was mutual."

"Inasmuch as our government is deeply internationalist, we would consider it a great step forward," Trotsky asserted, "if the Germans would consider it possible openly to discuss their opinion regarding the situation in Russia."

The discussion, the Russian delegates said, was halted at this point by Count Czernin's announcement that the order of business was terminated and the conference stood adjourned.

Kuhlmann acquiesced in the Russian demand that a special commission formulate a plan of referendum by which conquered territory might work out its self-determination. He permitted addition of Armenia to this list of territories, declaring "this will not be a serious obstacle."

The Rumanian delegate arrested yesterday by the Bolshevik authorities was released today at the order of Premier Lenin.

## JAPANESE WARSHIPS SENT TO VLADIVOSTOK

TOKYO, Jan. 16.—Japanese warships have been despatched to Vladivostok for protection of allied interests there, according to official announcement today. The action follows long continued appeals from Japanese and other citizens in the Russian port for adequate protection not only to their own lives and property, but to great quantities of allied munitions and supplies there.

Continued fighting between the Bolsheviks and Cossacks has been in progress in and around the city for weeks.

Congestion on the trans-Siberian railroad and general demoralization of transportation incident to the internal difficulties in Russia is reported to have resulted in unprecedented tying up of supplies at Vladivostok. The Bolsheviks have been making desperate efforts to commandeer this material, much of which had been ordered by the old monarchist regime.

A member of the naval staff, in an interview today, declared that communication with Vladivostok had been almost cut off. This, it is presumed, hastened the orders sending warships.

Protection of allied interests in Siberia, he said, is Japan's responsibility, while the other allies are fighting the battles in Europe. No Japanese troops will be moved to Siberia for the present, he said.

NEW YORK, Jan. 16.—Scores of Jews have been massacred in Petrograd, according to advices received here today by the Jewish Daily Forward from its Petrograd correspondent.

The dispatch says: "The Jewish soldiers have decided to take steps against lawlessness and for this purpose have called a general congress of all the Jewish soldiers of Russia to meet at Petrograd in January."

AMSTERDAM, Jan. 16.—The peace negotiations at Brest-Litovsk were resumed on Monday afternoon, according to the Berlin Volks-Zeitung.

Great dissatisfaction is expressed by German newspapers at the slow progress of peace negotiations at Brest-Litovsk and the Russians are charged with prolonging their delay. This delay is affecting the negotiations in progress at Petrograd where, according to the Wezer Zeitung of Bremen, the discussion regarding exchange of prisoners has reached no result thus far.

The Tagblatt of Berlin makes a similar complaint regarding the work of the special German commercial commissions now in Petrograd.

Most of the newspapers assert Germany will never think of completely evacuating the occupied Russian territories before peace has been brought about on all fronts.

## KILLED IN TRUNK

BOSTON, Jan. 16.—Two small girls, Catherine Aversa and her sister, Ada, were found by their mother suffocated in a trunk in their home here.

While sitting about the house they had climbed into the trunk and closed the lid, which has a spring lock.

## NAME STODDARD

Thomas C. Stoddard, postmaster of Alameda, was renominated for the office today by President Wilson, according to advices received from Washington.

## MAKE ACCOUNTING

According to the final accounting of Mrs. Maria A. Toler, guardian of the late Lindovina P. De Ivey, pioneer resident of San Leandro, the estate comprises a sum amounting to \$576,721.25.

The guardian, who is a sister of the deceased, and the children of seven deceased sisters and brothers inherit the estate.

## CAILLAUX NOTES ARE PUBLISHED

(Continued From Page 1)

heaved to be implicated with former Premier Caillaux in treason against France. They were Paul Comby, a well-known lawyer, and Deputy Louis-lot of the chamber of deputies. Comby was taken into custody late last night and Louis-lot early today. In Louis-lot's case the arrest was more or less expected, since charges had been raised against him at the same time that Caillaux was making his defense in the chamber of deputies. As in Caillaux's case, the house was granted to members of the chamber of deputies will have to be raised before there can be prosecution.

Madame Caillaux issued another blast through interviews in today's newspapers, insisting that she is being shadowed day and night.

The shadow cast by the famous wife, which is reported to have been discovered in Florence, held under one of Caillaux's various aliases, contains complete plans for a new French government projected by Caillaux, including radical changes in various posts. The names of President Poincare and Premier Clemenceau, the newspaper insisted, are mentioned in these documents.

Paris was intensely excited today over the rapid development in the case.

The chamber of deputies sustained the government's action in the Caillaux case yesterday by a majority of 274 out of the 434 present. The vote was taken after the government had been interpellated by Ernest Lafontana, a Socialist deputy who held that the opening of Caillaux's safe deposit box in Italy in the absence of a representative of the accused was illegal.

## CENTRAL CONTROL OF WAR MACHINERY

(Continued From Page 1)

"We allayed their fears—we assured them we would supply that shipping. And we have neglected that duty beyond any other."

"The tell us it was because of wranglings and disagreements in the shipping board," he declared and added that he believed there was lack of appreciation of the submarine menace in the board and that he did not believe any member so unpatriotic to delay shipping while his personal differences were being settled.

"We know we must supply Great Britain and France and Italy. Where is our shipping? Where is it coming from? Possibly God knows; certainly neither the Shipping Board nor the Navy Department know."

Senator McCumber recommended that the United States stop sending soldiers to France now and use all available tonnage for food for the allies and stimulate efforts to attempt to produce a ship immune from torpedoes.

## MUTINY DENIED

SEATTLE, Jan. 16.—"If any soldiers have been brought here from Alaska or any other place for inciting mutiny or riot, I don't know anything about it," said the commanding officer at Fort Lawton, here today, when asked concerning a report that five privates of the Fourteenth Infantry had been brought to Fort Lawton secretly for inciting mutiny at Fort Seward, Alaska.

A rumor that soldiers have been brought here and some already shot or sentenced to be shot by a court-martial is emphatically denied by army officers and federal authorities.

SAN FRANCISCO, Jan. 16.—"Absolutely nothing to it," said General Arthur Murray, commanding the Western department, today, in regard to the report from the north that soldiers in Alaska had mutinied and planned to dynamite the barracks at Fort Seward. General Murray said he had received no official reports regarding any trouble in Alaska, and that if there were any he would receive the first notification.

## ASK FOR CITY AID

Financial aid to the extent of \$750 to help defray the expenses of the annual encampment of the G. A. R. Department of California and Nevada, was asked of the city council today in a communication from Henry G. Thompson, senior vice-commander. The matter was referred to Commissioner Edwards.

Joseph E. Calne, secretary of the chamber of commerce, asked that the city appropriate \$200 towards the expenses of the survey being made here by the U. S. Geological Survey.

The total cost is \$500 and Berkeley has agreed to pay \$100, while Alameda will also contribute. The chamber of commerce will share the cost.

## ASK CITY TO CUT

That Oakland do her share in a campaign to have the municipalities of California save \$15,000,000 during this year was requested in a communication received by Commissioner W. H. Edwards of the finance and revenue department today from W. H. Clark, secretary of the State Tax Association.

Clark replied that Oakland has already saved down expenses to the extent of 20 cents in the tax levy.

## TRANSFER FUND

By resolution the council today ordered transferred from the election appropriation in this year's budget, \$10,000 to the appropriation for harbor maintenance and improvement.

## ONLY ONE "BROMO QUININE"

To get the genuine, call for full name LAXATIVE BROMO QUININE. Look for signature of W. W. GROVE. One in a Gold in One Day. 20c—Advertisement.

## The Old Farmer Was Fooled.

Remember the old story of the farmer who bought a "Pigeon in a Poke?" Yes.

Well, advertisers who buy advertising in a newspaper, the circulation of which is not guaranteed by a reputable concern like the A. B. C., are badly fooled.

How about you, Mr. Advertiser,

## STATE RAIL RULES TO REMAIN INTACT

WASHINGTON, Jan. 16.—All state railway laws and regulations will remain in full effect under government operation, Director General McAdoo told a delegation representing the National Association of Railway and Utilities Association.

More than 600 "short lines" have been informed that their services would not be required by the government in its consolidation of transportation systems.

The disclosure that they will not be used came at the House Interstate Commerce Committee's hearings. McAdoo's attorney, John B. Paine, made the announcement.

Questioned as to his position, Paine said he had full authority from the director-general to make his reply.

Only lines, "essential to the war" were to be taken, he said. McAdoo had decided; further McAdoo was said to have come to the definite conclusion that only the main arteries of commerce were thus essential.

The reason assigned by Paine was that the "jerkwater lines" might prove unprofitable in operation, and thus prove a financial drain on the nation if their owners were guaranteed the usual profits.

## CLAIMS WIFE DID NOT WANT HIM TO LOVE BABY

Mrs. Bertha May Flett doesn't believe it possible for a man to love his child and its stepmother at the same time, according to Robert J. Flett's complaint for divorce from her.

"I don't think it is right to love your child and not me," she said to him. "But I love you both," he protested. "You cannot love me and your child at the same time," she declared.

He complains that she mistreated the baby, refusing to do its washing or comb its hair, and made threats to injure it while he was away. He says she whipped it unnecessarily and made him apprehensive for it while he was away from home.

## TO ISSUE BONDS

SACRAMENTO, Jan. 16.—Upon request of the State Harbor Commission, State Treasurer Friend W. Richardson announced today that he will soon sell \$1,000,000 worth of harbor improvement bonds, the money to be used in the improvement of the San Francisco waterfront. The date of the sale will be announced later.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 20c—Advertisement.

## WANT CENTRALIZED CONTROL OF WAR

WASHINGTON, Jan. 16.—Endorsement of centralized control for war supplies was given in a statement made public by the war committee of the United States Chamber of Commerce today, but none of the proposals now before Congress, including one-man responsibility, was specifically supported.

The committee, headed by Waddill Catchings of New York, was ready to appear before the Senate war inquiry with the results of its investigation into the production and purchase of war supplies, which, according to the statement, was begun last June in an effort to co-operate with the national council of defense.

## SNOW MAY WIN WAR BY INSURING WHEAT CROP

CHICAGO, Jan. 16.—The snow-storm which has tied up the industries of the Middle West may not be such a disaster after all. Professor Eugene Davenport, dean of the agricultural college of Illinois, declares the blizzard may help the United States win the war. The heavy fall of snow, he says, will insure a bumper crop of winter wheat and may keep America and her allies from seven wheatless days a week.

It is charged the two soldiers were returning to their camp at Douglas, Ariz., from Rodeo, in an automobile which they had engaged Burge to drive for them. Wilson, according to the police, has confessed that he and Snell lost all their money in a "razz" game at Rodeo and planned to kill Burke with robbery as the motive.

## PAIR ACCUSED OF AUTO MURDER

EL PASO, Tex., Jan. 16.—Accused of murdering L. E. Burke, proprietor of a hotel at Rodeo, N. M., and hiding his body in a ravine, Privates John Wilson and James Snell, Troop F, First Cavalry, were arrested here today.

It is charged the two soldiers were returning to their camp at Douglas, Ariz., from Rodeo, in an automobile which they had engaged Burge to drive for them. Wilson, according to the police, has confessed that he and Snell lost all their money in a "razz" game at Rodeo and planned to kill Burke with robbery as the motive.

## Did Your Loved One Answer His Country's Call?

If so, display a Service Flag in the front window of your home

*A Noted Statesman Says:*

"Thousands of homes in this city are rightly entitled to special honor and special distinction because they have contributed men—husbands, sons and brothers—to the military service of the country. It is with a feeling of respect and admiration one passes a house from which a man has gone to join the fighting ranks. The service flag in the window is a symbol of sacrifice that is noble and inspiring. It is at once a challenge of and a rebuke to disloyalty. It is an eloquent lesson in patriotism.

"The display of the service flag has not become general. This is a plea to put up the service flag. It is the symbol of service and the badge of devotion to the national cause."

### You Can Secure a Service Flag

through a special arrangement made with the manufacturers by The OAKLAND TRIBUNE for the benefit of their old as well as new subscribers.

Old subscribers can secure one of these handsome Service Flags by presenting their last month's receipt and paying 15c.

New subscribers can secure one of these handsome Service Flags by paying 15c and agreeing to subscribe for the daily and Sunday TRIBUNE for three months, at the regular price of 50c per month, payable monthly.

On Sale at **Oakland Tribune** Circulation Dept.

MAIN OFFICE—Eighth and Franklin Streets  
BRANCH OFFICE—1422 San Pablo Avenue

# LABOR STAND EXPECTED TO BE EFFECTIVE

By John Edwin Nevins,  
International News Service Staff  
Correspondent.

WASHINGTON, Jan. 16.—British labor's renunciation of annexations in Asia Minor, India and Africa, with declarations for vast protectorates, marks Great Britain's most important step forward in the interest of democracy in the war, officials here declare. It would be impossible to overestimate the importance of this announcement, made with the full sanction of the government. It backstops effectively President Wilson's appeal to the Russian people. It should prove a potent weapon of assistance in German discord, now that the military control of the Kaiser's empire is firmly established in the saddle.

Whether it will hold the Russians firmly against a Berlin-made peace is fully as problematical, however, as is the ultimate effect of President Wilson's message. Bolshevik control of such a nature that no man can forecast what will come from it. But to moment on any subject. But officials here were very hopeful that the British announcement, which was sent in full to Petrograd, will have a very beneficial effect there.

Organized labor in the United States endorses to a very complete extent the British position. There is a complete accord between the labor leaders in England and those in this country, according to officials at the headquarters of the various groups. Today, attention was called to sections of the message of greeting cabled by President Compers to W. A. Appleton, secretary of the British Federation of Trades Unions. Compers said in part:

"The people of Germany must establish democracy within their own domain and make opportunity for international relations so that they shall be secure and that the people of all countries may live their own lives and seek out their own salvation; and unless this has been accomplished by the German people themselves, the allied democracies in this struggle must push military and autocratic and bring a new freedom to the whole world, the people of Germany included. Until these essentials are accomplished an international labor conference with the representatives of the workers of all countries, Germany included, is prejudicial to a lasting peace."

With military domination in Germany certain, carrying with it as it will openess of measures against all liberals, especially those leaders who have persistently and consistently advocated a peace without annexations or indemnities, the British labor policy was announced at this time equally for the effect it will have in Russia and Germany.

## FEAR ICE FAMINE

California faces an ice famine during the coming summer. This is the announcement that came from the Truckee district, where most of the natural ice of the state is harvested. Not a cube of ice has been placed in the icehouse at Inland, Poca and Truckee. January is the last month during which ice has been frozen in the past, and the month is half gone, with the thermometer registering high and the weather unsettled. Two weeks ago ice formed, but then came a thaw and the crop was spoiled for harvesting. Then came a fall of snow, which sank into the ice. A cold, clear spell, which has been in the air since, may bring a new crop of ice within two weeks, declare the ice men, or no ice will be harvested this season.

## INVITE STEPHENS

STOCKTON, Jan. 16.—Governor William D. Stephens has been invited by the German societies of Stockton to participate in the program with a large address at the big concert and literary entertainment to be given for the benefit of the American Red Cross society next Sunday evening. General Chairman H. J. Kuehler is availing the governor's reply and is hopeful that he will accept. Mayor C. O. Oullaban and Superior Judge J. A. Plummer are to be the other speakers.

## SPEED UP WORK

SACRAMENTO, Jan. 16.—The clearing in the State Motor Vehicle Department were \$100,000 Monday, the highest in the history of the department. The highest return of any previous day was \$85,000. Several thousand applications were handled without any great effort, according to Acting Superintendent P. J. Tehaney, who says last week the workers in the department were 75 per cent efficient, but that this week they are close to 90 per cent efficient.

## MAY OUST GERMAN

EL PASO, Texas, Jan. 16.—The recall of German Minister von Eckhardt to Mexico is demanded in editorials appearing in the El Paso Herald-Examiner, according to information reaching the border today. The paper demands that the Carranza government ask the recall of Von Eckhardt because of his alleged activities in spreading German propaganda throughout Mexico and causing dissension among Mexicans.

## PERJURY CHARGED

PLACERVILLE, Jan. 16.—Charges of perjury have been placed against Arnold August Patrick of Greenwood, an alleged draft evader, and the authorities are investigating to decide whether the prosecution shall be under the Federal or State statutes. Two affidavits are the evidence. In registering to vote in 1915 Patrick swore he was a native and citizen of California. In answering his draft questionnaire he swore he was a native-born citizen of Texas and claimed deferred classification.

## Just Once! Try Dodson's Liver Tone!

Take No Calomel! Listen To Me!

If bilious, constipated, headachy or sick, I guarantee relief without taking dangerous calomel which sickens and salivates.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is a purgative or quickener which causes necrosis of the bones. Calomel, when it comes into contact with your bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are "knocked out" if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't

# Appeal Direct to Russian People Labor Party Sends Message

LONDON, Jan. 16.—The British Labor party in a message to the Russian people, announced that the British people accepted the Russian principle of self-determination of peoples and no annexations for the British empire, particularly in Africa and India.

In its message the party declares in favor of placing the whole of tropical Africa under uniform international control. The more rapid development of self-government for India is promised and a protectorate for the people of Asia Minor by an international organization to be constituted by the peace conference is favored.

"The message, which was issued by the labor party in conjunction with the parliamentary committee of the trades union congress, says:

"We have reached a crisis in the war. The negotiations at Brest-Litovsk have been interrupted because the Germans are determined to impose the principle of self-determination of peoples and the doctrine of no annexations.

"In thus acting the central powers are speaking clearly in the name of a military state.

"In this crisis the British people must speak because the Russians can only succeed in their great and perilous task if supported by the people everywhere.

**MUST TELL ITS AIMS.**

"The British people must proclaim to Russia and the central powers that its aim is identical with Russia's, that, too, no solution for the evils of militarism except self-determination and no indemnities.

"In applying this Russian principle to our own case, we are conscious of the problem raised, but we do not shrink therefrom. The British people accept the principle of no annexations for the British empire.

"This applies in our case to the Middle East, Africa and India.

"We wish to remind the Russian people that Great Britain, since the loss of the American colonies in the eighteenth century, was the first modern state to grant complete self-determination to any group of its inhabitants, for example, the dominions of Canada, Australia, South Africa and New Zealand.

"We accept the principle also for India and other dependencies of the British empire, though we believe that the record of the British government here gives little reason for reproach.

"We intend to meet this by more rapid development of self-government. We respect the sovereign independence of the Turkish people in their national home, but we believe that the domination of their government over other people is a hindrance to their own national development.

## OUT IN DESERTER'S SUGAR ADVANCES

SENTENCE ORDERED \$2.85 DURING WAR

CAMP LEWIS, Jan. 15.—Presidential curfew of sentence was invoked for the first time today when Washington granted a decrease in the sentence of Lieutenant Joseph H. Conroy from six years at hard labor to two years in the Federal disciplinary barracks at Fort Leavenworth. Conroy was charged with desertion from the 10th Cavalry.

Presidential curfew of sentence was invoked for the first time today when Washington granted a decrease in the sentence of Lieutenant Joseph H. Conroy from six years at hard labor to two years in the Federal disciplinary barracks at Fort Leavenworth. Conroy was charged with desertion from the 10th Cavalry.

## PREPARE ORDINANCE

Pursuant to this determination, an ordinance was prepared making such acts a misdemeanor. Conditions have been such that soldiers would not stay out their leave in Tacoma but would return to camp before their time expired, rather than pay the "proxy" rate. Five additional officers have been summoned before the "benzene" board, as the board which sits upon the fitness of soldiers to remain in the service, is called. Robert Root, of the medical reserve corps, who has suffered a complete nervous breakdown through overwork, is one of the latest. His recovery has been decidedly slow, and he may be ordered home. While the board has examined many cases, its findings have not yet been given out.

In addition to Captain Root, others who have been summoned include: Lieutenant James Otis Jlatins, Lieutenant Joseph H. Bolinger, Lieutenant George C. Carl, Lieutenant Arthur F. England, and others. The specific subject of inquiry in each case has not been made public.

Tacoma Commercial Club this afternoon presented the 31st Regiment, comprising men from the state of Washington, with regimental colors. The presentation was made by A. B. Howa, president of the club. Colonel W. D. Davis of the regiment formally accepted the colors on behalf of the regiment.

Captain's commissions have been awarded to C. A. Glover of San Francisco, Theodore G. Home and Charles B. Hopkins.

## WAR PRICE TABLE

The fluctuations in prices since the start of the war, according to the table showing the date and change in price, follows:

Commodity	1914	1915	1916	1917	1918
Wheat	1.00	1.10	1.20	1.30	1.40
Corn	0.80	0.90	1.00	1.10	1.20
Soybeans	0.60	0.70	0.80	0.90	1.00
Cotton	0.40	0.50	0.60	0.70	0.80

## GOVERNMENT PLEDGED.

"Our government is pledged to some of those peoples—Arabs, Palestinians, Armenians—that the Ottoman rule shall not again be imposed on them. This responsibility should be undertaken by the peace conference and a permanent international organization that we hope will be there constituted.

"In tropical Africa we repeat our renunciation of annexations. Nobody contends that the black races can govern themselves. They can only make it known that the particular government under which they have been living is bad in some or all respects and indicate the specific evils from which they desire liberation. We believe that the peace conference would be well advised to plan all tropical Africa under uniform international control.

"The allies of the peace of Central Europe to declare themselves or make their governments speak for them in answer to Russia and ourselves. We call on them to renounce annexations in Europe with the same good faith in which we are renouncing them in Asia. We call on them to give the same self-determination to the French, Alsatian, Italian, Polish and Danish members of their states as Russia has given to Finland, Courland, Lithuania and Russian Poland.

**MUST NOT PREVENT.**

The family interests of dynasties or the desire of the German, Austrian and Magyar governing classes, to dominate other classes and nationalities, must no more be suffered to prevent self-determination in Central Europe and thereby imperil it in Europe as a whole, than the interests of British imperialism or British capitalism must be suffered to do elsewhere.

"Peoples of Central Europe: This catastrophe of the human race, this fatal crisis in the civilized world, can only be ended by the defeat of militarism on both sides by the victory on both sides of moral and intellectual far dealing. If the world is to be saved, it must be saved by good faith and reciprocity on the part of all.

"Do not fail us now. Do not let your governments drive the British people, as they are driving the Russian people, into the terrible choice between continuing the war and abandoning the only principles that can save the world.

"If this choice is forced upon us we shall choose, as Russia chose. We shall continue, but the responsibility will be yours."

## NEW HARBOR PLAN

SACRAMENTO, Jan. 16.—A plan devised to protect cities and harbors against enemy vessels has been presented to Governor William D. Stephens by Ben Josephs of Richvale, Cal. The plan will be turned over to the State Council of Defense.

Josephs' device is somewhat on the plan of the iron jacket used by cigar stores. Floats are provided to enclose the contrivance from sinking. Josephs presented a rather elaborate drawing of the contrivance.

## Report Many Cases of Rheumatism Now

Says we must keep feet dry; avoid exposure and eat less meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all, take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia acid and is beneficial to your kidneys as well.—Advertisement.

## Two Splendid Things

One is plenty of open-air exercise.

If you can't get all of that you should, it's all the more important that you should have the other tried-and-true remedy for a torpid liver and bowels that don't act freely and naturally.

Take one pill every night more only when you're sure it's necessary.

Carter's Little Liver Pills

Colorless faces often show the absence of iron in the blood.

Carter's Iron Pills will help this condition.

# FIRE RAGES IN BROOKLYN WAREHOUSES

NEW YORK, Jan. 16.—More than half a million dollars damage has been done by a fire which is sweeping the Robinson warehouse at the foot of Congress street, Brooklyn. The fire broke out at 10:30 p. m. and spread rapidly. It is believed that the fire was caused by a gas leak from a gas stove in the kitchen of the warehouse. The fire has destroyed the entire warehouse and the surrounding area. The fire is still burning and the fire department is working to contain it.

The blaze started in the employees' washroom on the second floor. Workmen attacked the flames with extinguishers and buckets, but before the first fire apparatus arrived the fire had spread over the entire floor and was creeping into the upper stories. Four alarms were sounded in rapid succession, calling the greater part of the Brooklyn department's apparatus to the scene.

## HOSPITAL IS UNFIT

SAN FRANCISCO, Jan. 16.—Following an investigation of the San Mateo county jail, the board of health has recommended the purchase of a new site in a more accessible location and the consequent erection of new buildings. The recommendation will be presented to the board of supervisors. The jail is located near San Mateo lake, five miles from San Mateo. It is taking action the grand jury declared that the water and lighting systems of the hospital and almshouse are inadequate, inefficient and out of date, and stated that it is almost impossible to obtain a suitable water supply at the present location.

## DIES FROM BURNS

SAN FRANCISCO, Jan. 16.—The Independent Steamship Company's steamer A. Kilburn, which is said by superstitious waterfront men to be hoodooed, lost a member of her crew from burns, when the breaking of a steam pipe January 7 and died at the Marine Hospital this morning. Perry of Portland, who was burned by the breaking of a steam pipe January 7 and died at the Marine Hospital this morning. Perry of Portland, who was burned by the breaking of a steam pipe January 7 and died at the Marine Hospital this morning.

## TO RECLAIM LAND

Two hundred thousand acres of land in the Imperial Valley hitherto unavailable for agriculture because of aridity will be thrown open to settlers through a bill being prepared by the Department of the Interior for the reclamation of arid lands in the "drainage basin of the Colorado river with the States of Arizona, California, Colorado, Nevada, New Mexico, Utah and Wyoming."

## Look Yourself Over Carefully

And see if your condition is not such as to make your best investment the purchase of Hood's Sarsaparilla, Pepton and Hood's Pills. This course of medicine will be worth many times the cost when it removes that tired feeling, that paleness and anemic tendency, that warning of waning strength, that weakness of body that opens the way for disease, that backache and other symptoms of kidney trouble, constipation, and that growing sense of exhaustion.

# Night Patrol in No Man's Land Methods of Indians in Vogue

By W. S. Forrest United Press Staff Correspondent

WITH THE FRENCH ARMIES IN THE FIELD, Dec. 15 (By wire).—Night patrolling—reconnaissance—No Man's Land is a something that every first line soldier knows. The constant surveillance of the enemy necessitates almost nightly examination of the blasted strip of ground in front of the trenches, wire entanglements on the friendly side as well as that of the enemy. Men who find monotony in night trenches during the day, find it thrilling at night. The constant surveillance of the enemy necessitates almost nightly examination of the blasted strip of ground in front of the trenches, wire entanglements on the friendly side as well as that of the enemy.

The first entanglements are passed. A short open space and then the next. A soldier stumbles a little over an invisible wire and the captain stops to whisper "deception." The second mine is passed more quietly because it is narrower. "It always seems a long time the first time you come through the wire," the captain apologetically whispers. But he's taking a little time to know it because his first sensation is that he's in a new world. This war and now a year ago in this war and now a year ago in this war and now a year ago in this war.

A soldier comes along the trench with a machine gun. It is the night. Coffee brewed back in the third line rolling kitchen and carried up. This kitchen soldier is the night's most welcome guest. With the coffee he brings along the "globe," the French army's ration of "globe." A pole is planted tonight that American soldiers in this trench some time ago called it "boogie" and drank it with a gulp and a cough. Most of the mix it with their coffee, though this pole added that he found it handy when his regiment was on the Chemin des Dames to heat field rations in a stove made of an upturned German shrapnel helmet.

## GERMAN RAIDERS ATTACK AMERICANS

WITH THE AMERICAN ARMY IN FRANCE, Jan. 16.—Enemy air raiders are showing an increased interest in the American aviation centers, especially those nearest the lines. During one of the most recent incursions a German airplane descended within 200 feet of the ground, endeavoring to make sure that the several bombs which they dropped should hit their targets, which, in most cases, were buildings in which men were billeted. Luckily the German plane, even at such a close range, was poor, for no Americans were killed.

## TO FOLLOW APPEAL

Based on his case upon technicalities, William F. LaPorte, houseman in the department, who was discharged recently by Commissioner Jackson upon recommendation from the civil service board, last night appeared before the board in appeal from the order. LaPorte claimed that the order of discharge did not rectify any specific reason other than "for the good of the department," but that it presumably was for past offenses which had been forgotten. The board went into the case at some length, and continued the hearing until next week. In the meantime Commissioner Jackson will make specific charges.

## STOCK ADJUSTING SALES

The Americans at the most advanced aviation camp have found a novel mounting for the machine guns used for defense against enemy airplanes. When the guns for the newly dug pits arrived it was discovered that only five carriages had been provided. These were unsuitable for aircraft defense work, so swivels were constructed from old motor truck springs.

## FIFTY TO GRADUATE

VALLEJO, Jan. 16.—Close to 50 students in the SB class at the Lincoln grammar school will receive their diplomas on Friday, January 25. The class is one of the largest that has graduated from the Lincoln school during the winter term.

# ADVISES COUNCIL ON WAGE DEMAND

Recommendations were made to the city council by the civil service board today that the demands of the public employees for increased wages be scheduled, granted but that the demand of the electric workers for increase to one extra line man be denied as "arbitrary and unreasonable."

The latter demand was referred back to the board for further examination for a report next Wednesday. In the case of the public employees it is probable that they will be given an increase from \$5.50 to \$6 with \$7 to \$7.20 for foreman. This conforms to the demand of the union and would be in effect February 1. The electric workers' union has threatened to strike the first of the month unless their demands are met. President Jones of the city council is expected to report to the council the increase for the one position of \$4.75 to \$5 meets with the union schedule and is the same as paid by the large electrical and power companies for the same class of work.

# B. & O. PRESIDENT QUILTS RAIL BOARD

WASHINGTON, Jan. 16.—Daniel Willard, president of the Baltimore and Ohio Railroad, has resigned as chairman of the War Industries Board. His resignation will be accepted as soon as a successor is found. In offering his resignation Willard gave as his reason that the Baltimore and Ohio Railroad required his entire attention. It was stated that his resignation was not brought about by any apparent conflict between the war industries board and the reorganization of the War Department.

# HUN JUDGE'S SON IS HELD AS SPY

SAN FRANCISCO, Jan. 16.—Franz Schluberg, a 32-year-old man living at the Ebel Hart apartment, 736 Sutter street, was arrested early today by Department of Justice operative George Hart and taken to the county jail pending an investigation of his alleged activity as a German propaganda agent. It is reported that Schluberg is the son of Chief Justice Maxim Schluberg of the Bavarian supreme court, whose family has already lost nine sons or relatives in the present war. According to Schluberg's attorney, he received \$5000 from a wealthy German widow, Mrs. Fredrica Nagel, to be used to further German propaganda in the bay district. It is said that \$1000 has also been placed at his disposal by the woman, who asserts it was merely a loan. She has not as yet been arrested.

# Y. W. C. A. TO AID

The government's urgent call for trained stenographers and typists has led the Oakland Young Women's Christian Association to organize a number of classes in these subjects. The association is working under a definite policy of limiting the maximum number of students in each class to ten. This permits of individual instruction, and is interesting a large number of women, who must complete their work in the shortest possible time. In addition to beginning classes in stenography and typewriting, advanced coaching classes in dictation and speed practice are being organized for Monday, Wednesday and Friday afternoons. These are proving very popular, with former stenographers who wish to "come back." New equipment and convenient, well-arranged class rooms make conditions almost ideal for this work.

# OPPOSE I. W. W.

INDIANAPOLIS, Jan. 16.—Demand for the elimination of I. W. W. and prohibition from the ranks of the United Mine Workers of America was made in the convention here today. John P. White, former president of the union, and Federal Fuel Administrator Garfield and Labor Secretary Wilson, in messages to the convention, urged the miners to fight internal foes. Garfield's message declared that the successful prosecution of the war depended greatly on the eradication of differences between the miners and operators. Charges that miners are making fabulous wages under the present agreement or find it necessary to work only a few days each week, were ridiculed by delegates to the convention today.

# SURVIVORS HOME FROM QUAKE ZONE

SAN FRANCISCO, Jan. 16.—A section that the death lists from Guatemala as a result of the recent seismic disturbance have been greatly exaggerated, were made by Mrs. Daulton Mann, formerly Miss Ethel Gregg of this city, who has just arrived on the Pacific Mail liner City of Teva, with some interesting details of the devastation wrought by the earthquake in the southern republic.

Survivors of American women are being kept from their own country, according to Mrs. Mann, whose husband is assistant vice-president of the steamship company, on account of the red-tape restriction of passport issuance. With 125,000 persons homeless in Guatemala, Mrs. Mann declared she could not credit the 2500 death list. "I saw no one killed," she said, "and I saw no looting, although there were many rumors about. The heaviest shock occurred on Tuesday. I reached the coast on Friday. I was alone when the first heavy shock came. Great additional damage was done by the second shock. The people thought it was the volcano Peatzen in eruption." Mrs. Mann was accompanied by Mrs. M. J. Walters, wife of a W. J. Grace Company representative in the south, and Miss Florence Donaghy, 1562 Masonic avenue.

# SAVES CHRISTMAS TREE

Mrs. Walters reached the plantation of Mr. and Mrs. John Qualmann, formerly of San Francisco, after the first shock and saved a Christmas tree covered with toys from the wreckage of the Qualmann home. Mrs. C. J. Waller, member of a prominent San Salvador family, also arrived on the same steamer. She and her husband lived on the side of the mountain opposite the capital and watched the rain of ashes and lava from the volcano which destroyed a portion of the city on January 1. The eruption she brand as worse than the Guatemala earthquake. She declared hundreds perished from a population of 50,000 persons. The loss to the coffee plantations she estimated at in excess of \$1,000,000 pesos.

## Your Child Must Be Strong

Nature starts most children right, and it is the parents' duty to keep them so. Happy spirits—eager appetite—deep refreshing sleep—the love of vigorous play—all these things a child must have in abundance now, if the budding man is to be adequately equipped to conquer in life's battles.

### Gude's Pepto-Mangan

"The Red Blood Builder"

This time-tested tonic promotes energy and health by enriching and purifying the very stream of life—the blood. If your child is pale, nervous, and easily exhausted; if he is a spectator rather than a participant in the best-making games of childhood; if he is a "wonder" of Pepto-Mangan. A beneficial result can be expected.

Pepto-Mangan wards off anemia, and strengthens the constitution by putting iron in the blood and creates multitudes of vigorous red blood cells. It is a powerful tonic, and in this, sluggish blood is driven out, and fresh and robust health, and the invitation is usually accepted.

Children like Pepto-Mangan because of its sparkling color and its pleasant aromatic taste. It cannot impair digestion or injure the teeth.

Pepto-Mangan is made only by M. J. BREITENBACH CO., New York Manufacturing Chemists

## Unlimited Supply

\$11.50 Per Ton

DELIVERED IN OAKLAND—BERKELEY—ALAMEDA—PIEDMONT

# CARBON FUEL

A hard fuel—having about 2000 more heat units per pound than anthracite coal

Made of compressed carbon—98 per cent combustible. Intense heat; little ash; no clinkers, slight kindling necessary; ignites from paper.

Convenient to handle—cylinder-shaped briquets, 2 3/4 inches long by 2 1/2 inches diameter. Weighing about one-half pound each.

Sold by all Coal Dealers

Made at Oakland by

## Pacific Gas & Electric Co.

13th and Clay Sts. Oakland Lakeside 5000

## SAVES BABE AND MOTHER FROM FIRE

With her year-old baby in her lap, Mrs. B. M. Drake, of 1074 Fourteenth street, swooned away this morning when a lace curtain beside her in her home caught fire and burst into flames. Mother and child probably would have met death had it not been for the prompt aid rendered by Mrs. J. Griffith, her landlady, who lived in rooms below.

Mrs. Griffith, who lives in the room below, saw the fire and ran into the room. She picked up a floor rug and battered down the flaming curtain, extinguishing the fire. She then revived Mrs. Drake. Neither mother nor child was injured.

Mrs. Drake was sitting beside the window where there was a gas plate burning. The curtain blew across the flame and at once became enveloped in fire.

A neighbor across the street saw the burst of fire and called across to Mrs. Griffith, who rushed upstairs and by her promptness saved the house from damage and Mrs. Drake and her infant from injury.

While no alarm was turned in, neighbors telephoned to Fire Chief Elliot Whitehead and he investigated the situation. There was little loss.

## BEAT REFERENDUM

LONDON, Jan. 16.—The anti-suffragists in the House of Lords suffered another rebuff by the rejection of an amendment proposed by Viscount Halifax to the franchise bill that the question be decided by a referendum of the women. The amendment was defeated by a vote of 90 to 62.

## SLAME HIGH PRICES.

PARIS, Jan. 16.—A large increase in hyperinflation is shown in the latest vital statistics and the Pasteur Institute says it is due to the high price of foodstuffs. The police are taking an active hand in suppressing the threatened epidemic.

## EAT WHAT YOU WANT WHEN YOU WANT IT

People who consistently deny their appetite some particular dish appealing to their palate, because indulgence has always meant subsequent suffering, will think this a strong statement. It is a fact, however, that most people can, without fear of distressing consequences, indulge the appetite within reason if the bowels are active and regular.

Heavy dinners and late suppers can be enjoyed with impunity if, before retiring, one will take a spoonful of Dr. Caldwell's Syrup Pepsin, a mild combination of simple laxative herbs which permeates the digestive tract, and acts as a gentle, but effective, cathartic, without purging or any discomfort, and is as easy as sugar.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and take it at bedtime. Use it occasionally and you will find you can eat almost anything you like without fear of consequences. A trial bottle can be obtained free of charge by writing to Dr. W. W. Caldwell, 416 Washington St., Monticello, Ill.

## Do you ever have the "blues"?

That discouraged feeling often comes from a disordered stomach, or an inactive liver. Get your digestion in shape and the bile acting properly—then the "blues" will disappear. You will soon be cheerful, if you take

## BEECHAM'S PILLS

the people's remedy for life's common ailments. They act thoroughly on the stomach, liver and bowels, and soon regulate and strengthen these important organs. Purely vegetable—contain no harmful drugs. Whenever you feel despondent a few doses will

## Avoid Luxuries and Buy Bonds Ad Men Hear Experts Talk War

"Buy Liberty Bonds. Avoid luxuries." These are the two fundamental rules being preached by the Oakland Chamber of Commerce members, as the only way out of excessive war taxes, following the address of Joseph C. Johnson, dean of the commerce college of the University of New York and head of the Alexander Hamilton Institute, who, in a vigorous appeal to the business men of the coast, warned them that "Business as usual is a fallacy and an impossibility, that wide readjustments are coming in the economic life of America through the war, and that the changes will mean either that America must volunteer its money to win the war or have it seized through excessive taxes. And excessive taxes, he warned the business men, will ruin business."

The dean of the New York college was the guest of honor at the weekly luncheon of the advertising club of the city. Other speakers were William C. D'Arcy, president of the Associated Advertising Clubs of the World; George W. Hopkins, of New York, vice president; William C. Rook, Toronto, vice president; P. S. Pluta, secretary-treasurer, Indianapolis, and L. E. Pratt, New York, chairman of the national program committee.

**BITTERMAN IS CHAIRMAN.**  
H. C. Capwell, introduced by R. C. Bitterman as chairman of the day, presided in his capacity as president of the Oakland Chamber of Commerce, introducing President W. C. D'Arcy of the advertising clubs and Dean Johnson as the speakers of the day.

"Business," declared Capwell, "has in the past been run in an easy and a slipshod manner, and now comes the realization that there must be a readjustment—a scientific readjustment. Greater production, greater efficiency, are necessary to business and to the nation."

D'Arcy, in telling of the plans for the national advertising convention to be held at San Francisco this year, declared that the advertising men "would make the Pacific Coast their

## SHIPPERS WARNED OF EAST EMBARGO

Shipment to the Atlantic seaboard territory of California products other than certain staple foodstuffs, is being greatly curtailed by freight embargoes placed by eastern roads, according to a warning sent out by the Southern Pacific. It is announced that while the Southern Pacific has made no extension of its embargo regulations, daily changes on eastern lines make it imperative that California shippers make certain that routes over connecting lines are open before shipping to points east of the Mississippi river.

Information received today by the Oakland Chamber of Commerce is to the effect that stringent demurrage regulations are to be put in effect immediately. These new rules, laid down by William C. McLean, district general of roads, also have been received by George T. Sheldon, Oakland chairman of the Car Service Commission of the Council of National Defense.

In brief the new demurrage rules which go into effect next Monday are: Forty-eight hours' free loading or unloading. Demurrage rates after such time at \$3 for the first day, increasing \$1 a day until the eighth day, when the charge will be \$10 and remain at that figure thereafter.

No change in the regulations applying to demurrage on shipments of "bulk" goods. "An imperative necessity exists," according to the Southern Pacific, "for releasing freight cars for further service and for relieving terminals which are now badly congested."

"These unfavorable conditions are injuriously affecting in vital ways the government, the people, the allies, and the supplying of our own people and necessities to our own people."

**WILL REORGANIZE**  
SAN FRANCISCO, Jan. 16.—Following the action of the federal government in listing the College of Physicians and Surgeons in class C, the students of which are not exempted from the selective draft, the institution is to be reorganized. A special investigating committee of the board of medical examiners, composed of Dr. A. M. Smith of Oakland, Dr. H. E. Alderson and Dr. C. B. Plunkett of San Francisco, has just made a detailed report on the inadequacy of the college.

There is to be a new dean, and Dr. H. D'Arcy Powers is understood to be the probable selection. The machine is to be strengthened, the equipment brought up to date, and the standard of the medical department raised.

## ASK WAGE RAISE

SACRAMENTO, Jan. 16.—Higher salaries for teachers was asked by Miss Carolyn Webb, superintendent of schools of Sacramento county, at the third district convention of California Mothers' Clubs and Parent-Teachers' Associations at Washington. Miss Webb declared the rural school is the stepping stone to better positions and that good teachers are not retained in the profession. Dr. W. A. Sawyer, secretary of the California State Board of Health, warned his listeners:

"If the health of our men of the draft age had been conserved during childhood the national would not be experiencing so much trouble in securing physically fit men to fight the battles of democracy," he said.

## IS FOUND DEAD

BALTIMORE, Md., Jan. 16.—Mrs. Laura Elizabeth Phillips, wife of Rear-Admiral Luther G. Phillips of the paymaster corps, United States navy, was found dead in her bathroom. Evidently she had been stricken with heart trouble. Her body was found by a maid. Her husband was in Washington.

## CONGRESS AGREES

WASHINGTON, Jan. 16.—Secretary McAdoo's recent announcement that no public buildings would be constructed during the war except a few absolutely necessary, even though appropriations had been made, has not general approval among members of Congress.

## BAN ON FAMILIES

WASHINGTON, Jan. 16.—In order that domestic affairs may not detract the attention of naval officers from their proper official duties, Secretary Daniels has forbidden officers establishing their families in the immediate vicinity of the ships on which they are serving.

advisory board." He told of his trip across the continent with the other officers of the national advertising body, and of their reception in the various cities he visited. "Our aim is to educate the business man," he declared.

"We intend to make the whole Pacific coast our advisory board during the convention," declared the admen's president.

"Just as business, money, and men have mobilized to aid in the work of the war, so has advertising. The business man should be designated as a war worker just like the fighting man. He should wear a uniform as a captain of industry. The admen are proud to be a part of the country's war work."

**AVOID LUXURIES.**  
Johnson pleaded with the business men to save and to avoid "luxuries" which he defined as "anything that you must give up some of your more legitimate needs to buy." He told of his work in teaching business to business men and of his study of business in England since the war, pointing to this as a guide in foretelling what American business must develop into if the struggle lasts. Continuing Johnson said:

"The United States government is the biggest business on earth, and it just now must have capital. Where shall it get the capital? Either through bonds, for it has the wealth of the nation behind it, or from taxes. "Business cannot continue as usual. This is apparent with the government taking one-half of the savings of the country, and the question then arises, where shall the line be drawn? Many will be working for the government instead of for business in America. Therefore, begin by cutting out the luxuries. If we do not limit our luxuries and buy government bonds the government will make our money by taxation, for it has the power to do so."

## THE PRACTICAL WAY.

"Many people have gone to the bank and taken out loans to buy bonds. This is a detriment. It means that the banks have given the government credit, and it is the reason for high prices of foodstuffs and goods for it limits credit to business. This forces higher costs on the public. "If we will save on our luxuries and buy bonds, then, we will save ourselves from heavier taxation. It may hurt business? Yes, but excessive taxation will hurt business more. "We have to supply the government with funds, and we want to see Germany everlasting whipped—and we will see it, too, if we rally to the cause—I have no doubt of it."

"Changes in English business showed the inevitable results of the war, and point the way to what we will face—readjustments and changes. The goods on the retailers' shelves now will not be there a year from now, and the new goods will be accordingly. The government in England has taken control of trade, has regulated labor, and we will have to do it, too, before we are through. Either we must volunteer or be forced to it, and it will not make you any less happy."

"The practical way to help the government is to curb expenses; when you buy a box of cigars or a silk shirt, spend an equal amount in government bonds, and you can lay claim to both a good meal and a good night's sleep."

The meeting closed with the singing of the "Star Spangled Banner."

**President Approves Big Ad Convention**  
In San Francisco last night William C. D'Arcy, president of the Associated Advertising Clubs of the World, was the guest of honor at a banquet at the Hotel St. Francis attended by 350 advertising men. D'Arcy told of the plans for the convention of the advertising clubs to be held in San Francisco next July. He stated that the government had informally given its approval to the plans.

"There was some doubt about holding the convention here in view of our conditions," said D'Arcy, "but George C. Creel for an opinion and today he telegraphed his approval, stating that he feels, and the President feels, that advertising men can be of infinite service to the nation by continuing the usual course of business."

"Advertising will be the power that will win the war if the government will use advertising wisely to 'sell' the reasons for the war and to make possible the loans and sacrifices for the war."

William C. Rook of Toronto, vice-president of the Associated Advertising Clubs of the World, described the operation of Canadian advertising in co-operation with the government in the war work, stating that they had assisted in twenty-one different campaigns in half of the government, and had been successful in all of them.

## VALUE OF CONVENTION.

The value of the coming convention to the San Francisco bay region and to California in general was told by several speakers. P. S. Pluta of Indianapolis, secretary-treasurer of the A. A. C. of W., explained the manner in which publicity advertising California would go on. He said that booklets dealing with the opportunities of enterprise here, and the value of the government in advertising California would be sent to 172 advertising clubs throughout the country, and would be widely distributed in each district. He told of the newspaper advertising which would be obtained, and added:

"If the advertising that was given at the St. Louis convention were bought and paid for, it would have cost \$1,000,000, exclusive of the value of space in the St. Louis papers. I am sure that the value of the advertising given at the coming convention would be worth the cost."

Frank P. Johnston, president of the San Francisco Ad Club, acted as toastmaster, and toasts were given by John A. Britton, John Clausen, C. H. Bentley, L. E. Pratt, W. C. Rook, C. E. Fredrickson, Robert Newton, Lynch, E. G. McCormick and Acting Mayor Ralph McLean.

## Famous in a Day for Her Beautiful Complexion, Oatmeal Combination Does It

A Free Prescription Does Its Work Overnight. You Can Prepare It at Your Home.

New York: It is my own discovery and it takes just one night to get such marvelous results, says Mrs. Van A. Wilcox, who has always been famous for her wonderful complexion and the improved appearance of her hands and arms. You can do the same thing if you follow my advice, she says. I feel it my duty to tell every girl and woman of the world of the great benefit of this simple thing. All this change in a single night. I never tire of telling others what a wonderful result it has given me. Here is the free prescription that removed every blotch, freckle, and blemish from my face and arms. It is so simple that any girl can make it. It will make a most beautiful complexion. It will make the skin appear transparent, smooth and velvety. I especially recom-

ment it for freckles, tan, sun spots, coarse pores, rough skin, reddening, wrinkles, and, in fact, every blemish the face, hands and arms are heir to. If you desire a most beautiful complexion, expose, apply this combination there and the objectionable defect will disappear as if by magic. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and unattractive the hands and arms, when they are treated with this oatmeal combination, they will work and exposure to sun and wind, this oatmeal-dew combination will work a wonderful transformation in a few days of the most disagreeable complexion. I have had the same results I have here.

Notes: To get the best effect to use in every morning of dressing, wash with it, get dermal and carmal. You need not wash it off. It is so simple that any girl can make it. It will make a most beautiful complexion. It will make the skin appear transparent, smooth and velvety. I especially recom-

ment it for freckles, tan, sun spots, coarse pores, rough skin, reddening, wrinkles, and, in fact, every blemish the face, hands and arms are heir to. If you desire a most beautiful complexion, expose, apply this combination there and the objectionable defect will disappear as if by magic. It is absolutely harmless and will not produce or stimulate a growth of hair. No matter how rough and unattractive the hands and arms, when they are treated with this oatmeal combination, they will work and exposure to sun and wind, this oatmeal-dew combination will work a wonderful transformation in a few days of the most disagreeable complexion. I have had the same results I have here.

Notes: To get the best effect to use in every morning of dressing, wash with it, get dermal and carmal. You need not wash it off. It is so simple that any girl can make it. It will make a most beautiful complexion. It will make the skin appear transparent, smooth and velvety. I especially recom-

## TRIBUNE TO BE IN NEW HOME SOON

The big electric motor and other machinery for the new elevator for The TRIBUNE building, at Thirteenth and Franklin streets, arrived this week and installation will be commenced immediately. There were two elevators in the building originally, one for freight and the other a service elevator, but both in the rear of the building. A fast passenger elevator at the main entrance on Thirteenth street was necessary and for its accommodation a shaft was cut through the six floors. A new stairway was also constructed. Everywhere in the building the work is progressing. Wooden floors are being laid over the cement in the bookkeeping and executive and administration offices in the second floor, and on the fifth floor, to be occupied by the photo engraving department, the electric wiring and installation having been completed on these floors. The wooden flooring will follow in the editorial department in a few days.

## FINISH PLASTERING.

Finish plastering is under way in the editorial department and on other floors. The partitions needed have been erected and the interior finishing will soon be started. The new building is being built by R. Hoe & Company, especially for The Oakland TRIBUNE. The work of setting these in place and completing the wiring and electrical equipment is to be commenced this week.

The erection of the great press is well under way, but on account of the multitude of small parts which have to be fitted and adjusted, it will take some days before the first turnover of the machine is possible. The press stands in the basement, requiring the full height both of the basement and ground floor. It is placed opposite the big street windows on the Franklin street frontage of the building and its operation will be watched by passers-by from the sidewalk.

The wooden forms supporting the concrete on the partition of the roof garden were being knocked away today, revealing the graceful outlines of the roof structure overlooking the city.

## PLAISE NEW PLANT.

Outside newspaper men who have recently inspected the building unhesitatingly declare that Oakland will be able to boast of one of the best equipped and most modern newspaper plants in the West when The TRIBUNE occupies its new quarters.

## SURVIVES KNIFE

SAN FRANCISCO, Jan. 16.—Mrs. Theresa Wall Daroux, who on December 16 of last year, shot her divorced husband, Frank Daroux, in front of an alleyway, is recovering from a serious operation performed on her at St. Mary's hospital. According to Dr. T. E. Bentley, her physician, she has an excellent chance. Daroux, her former husband, has recovered from his wound and refused to prosecute.

## CANCER

TUMORS—ALL BREAST LUMPS TREATED—NO KNIFE USED

Strictly a non-operative treatment. NO KNIFE, NO PAIN, NO DISFIGURING. NO NO PAIN. Our method of application positively kills every particle of diseased tissue, and does not hurt the patient. It does not do any harm to the body. It is a growth in a lump, wart, mole or scar which may have been a long time in coming. It is a growth in an individual over 40 years of age they are nearly always of a malignant nature and require immediate attention. Send for my 64-page (free) book with names and testimonials of cured patients. It is free here in your own vicinity. EXAMINATION FREE.

CHARLES STIRLING, M. D.  
253 12th St., Oakland, Cal.  
OUR ADV. APPEARS TWICE A WEEK

## OLD-TIME COLD CURE—DRINK TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of this Hamburg Tea, put a cup of boiling water upon it, pour through a sieve and drink a cupful at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieves congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless. Advertisement.

## BEAUTY.

There is an old saying that beauty is only skin deep, but that is far from the truth. Beauty is founded on good health. Without that there is no real beauty. You can cover up a muddy or sallow complexion with face powder, but it will not be long before the dirt and decay of the skin will show through. Good health is usually more interesting and more charming than a billowy, despicable complexion. It gives a glow to the face and makes the eyes sparkle. It gives a glow to the face and makes the eyes sparkle. It gives a glow to the face and makes the eyes sparkle.

Notes: To get the best effect to use in every morning of dressing, wash with it, get dermal and carmal. You need not wash it off. It is so simple that any girl can make it. It will make a most beautiful complexion. It will make the skin appear transparent, smooth and velvety. I especially recom-

ment it for freckles, tan, sun spots, coarse pores, rough skin, reddening, wrinkles, and, in fact, every blemish the face, hands and arms are heir to. If you desire a most beautiful complexion, expose, apply this combination there and the objectionable defect will disappear as if by magic. (By Howard B. Cline)

Uncle Wiggily Longears, the rabbit gentleman, looked out of the window of his hollow stump bungalow and hummed a little song. It was about "The north with doth blow and we shall have snow!" "Yes, and well have something else, too," cried Nurse Jane Pizzaz Wuzzy the

"Neither one," answered the muskrat lady. "But the north wind you were thinking about will have blown all my new-  
washed clothes off the line unless I  
can get some wooden clothes pins to hold

"Then get me some clothes pins!" cried Nurse Jane. "I haven't half enough, Wiggy, and what few I did own must

"I will," promised Uncle Wiggily, as he hopped down the front path.

"And hurry, if you please," added the muskrut lady as she held to a sheet with one paw, a pillow case with the other and wrapped her tail around a tablecloth on the line so that wouldn't blow

Over the fields and through the woods topped the bunny rabbit gentleman to get the clothes pins for Nurse Jane. Soon he was at the six and eleven-and-half-cent store.

"What do you want?" asked the little mouse girl clerk.

"Some clothes pins, quick, if you

lease," answered Uncle Wiggly. "Nurse  
ane's wash is all blowing off the line!"  
So the little mousie girl sold Uncle Wig-  
gly some clothes pins, and with them in  
box under his paw away he ran and  
opped and jumped back toward the hol-  
low stump bungalow. Oh, how fast he  
an!

But all of a sudden, as Uncle Wiggly  
was almost there, out from under a pile  
of dried leaves jumped a bad old Snake.

"Oh, ho!" squeaked the Squee-Gee, for he has a voice like a mosquito. "Oh, ho! guess I've caught you this time, Uncle Figgis Longears. Ah, hum!" and he grabbed the bunny uncle gentleman in his jaws, that bad Squee-Gee did.

"Oh, please let me go," begged the bunny.

"No, I'll not," said the Squee-Gee very impolitely indeed.

"But what in the world do you want of me?" asked Uncle Wiggly, holding the box of clothes pins closely under his paw so they could not be taken away from him.

"I'm going to hold you here until my friend the fox comes," answered the Squee-Gee. "He's been lying out a long while to get you, and now I've caught him."

"Oh, no!" said the bad Squee-Gee.

"Well, then, I suppose I'll have to stay until the fox comes," said the bunny, sort of resigned like and uncomplaining.

But just then the Squee-Gees, still keeping hold of Mr. Longears, sort of switched his long, slender tail around, so it would not be stepped on.

"Ah, that's the time I fool you!" cried the bunny. And then the clothes pin on the soft and tender tail of the Squee-Gees clinked so hard that the bad chap had to stop to get a dentist to pull it off.

Then the bunny hurried home with the rest of the pins just in time to save nurse Jane's clothes from blowing all away and she was very glad.

The personnel of the public utilities committee to represent the east bay cities and to confer tonight with the public utilities league at a mass meeting in Oakland was announced by Mayor Samuel J. Irving of Berkeley today, acting upon authorization given him at the meeting. Money of delegates from all the east bay communities, came to discuss the street transportation problem.

and engineer, 1225 Charles Street, Alameda; Joseph H. King, former president of the Oakland chamber of commerce, capitalist and real estate operator, 308 Twelfth Street, Oakland; Charles D. Heywood, former mayor and commissioner of public health and safety, Berkeley; J. C. Owens, State senator and president of the Richmond chamber of commerce.

**PROFESSORS SPEAKERS.**  
Professor Elwood Mead of the division of rural institutions, and Professor Carl C. Plehn of the economics department, both of the University of California, will be the principal speakers tonight at the mass meeting which will be held in the board of education headquarters on the second floor of the Oakland city hall.

The Public Utilities league, initiated a week ago at the mass meeting at the Municipal Auditorium to promote a movement to take over the street car system of the east bay cities, will organize on a permanent basis tonight. Committees on finance, publicity, circulation of information, and will advise the delegates from 125 civic and commercial organizations as to the benefits and dangers of public ownership, based upon the experiences of other communities.

act of 1915, will be appointed. The league will launch out into the work of getting elections called simultaneously in Oakland, Berkeley and Alameda, and in the smaller neighboring communities.

**TO CIRCULATE PETITIONS.**

It is the purpose of the league, acting under the Bred public utilities act, to circulate petitions for an election on the creation of a public utilities district comprising Oakland, Berkeley and Alameda, and also submit an alternative propo-

The purpose of the alternative proposition is to prevent the creation of the district being defeated by one small community. If the first proposition carries, it will make possible united action on the part of the three larger cities. But if only one proposition, for all eight cities to be included, were submitted, and if this should be defeated by the small-

The petitions to be circulated will require about 12,000 signatures in Oakland, Berkeley and Alameda to make the calling of the elections mandatory. The league hopes to get these before April 1, when new registration begins.

**Blackouts Will Strengthen**

**Your Weak Nerves**

DRUGGISTS SUPPLY IN TABLET FORM AND PURCHASERS RECEIVE BINDING GUARANTEE SATISFACTION MONEY BACK.

all the joy of life and anxiously reduce the spirit and plunge it in a condition which is pitiable in the extreme. This condition is brought about slowly and stealthily in the majority of cases, and the poor sufferer fails to realize what is wrong until faulty memory, indecision, lack of desire for work or recreation, insomnia or some other unmistakable symptom indicates weak nerves. It is then that many people make the big mistake of resorting to the use of the "strong" drugs.

Nothing could be more harmful or more dangerous. The nerves are weak and exhausted; they need food and nourishment—not drugs that will lash them into temporary activity. Feed your nerves and the will become strong again and your health will improve in consequence. "The value of present-day physicians and specialists, and the nerve food they recommend is just one 5-cent tablet of pure Nitro-phosphate taken daily."

pressed or not, over acids and, as a phosphate containing sufficient nitro-phosphate tablets for two weeks' treatment can be obtained from any druggist at reasonable cost, the remedy is within the reach of every sufferer from weak nerves. Moreover, the whole risk of the cure is assumed by the manufacturers, for every package of Nitro-phosphate tablets is accompanied by a binding guarantee of satisfaction or money back. It is

## Simple Way To End Dandruff

just get about four ounces of plain, common household kerosene from any drug store (this is all you will need), apply it at night when you can use enough to moisten the scalp and rub it in gently with the fingers.

By morning, and if not all of your dandruff is gone, repeat two or three or four more applications until completely dissolve and entirely destroy every.

How much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement

**Creator of the Hall-Room Boys**

By CARL E. BRAZIER.

Only a few months ago Cook and Ewing were almost inseparable in baseball activities. It was common talk among the baseball followers that where one was to be found the other would be not far away. In the last few weeks more than one person has marveled at the fact that Cook and Ewing have not been seen together. Some tried to explain it by calling attention to the fact that Ewing has been busy making preparations for the big Sportsmen's and Outing Exposition that opens at the Municipal Auditorium today.

### BAD FEELING IN OTHER DIRECTIONS.

But the explanation did not hold water after the story leaked out from an authoritative source this week that Ewing and Cook are at odds and that the separation has not been anything else than deliberate. And the story of the Ewing-Cook split carries with it sidelights that mean bad feeling in at least one other direction.

Here's the story as it comes straight from headquarters: Cal Ewing has not been satisfied that Hen Berry is just the man to be at the helm of the San Francisco club; Cal does not say why Berry's presence at the head of the Seals is distasteful to him, but the bay fans have only to recall that last summer Berry's policy was anything but a popular one with the transbay fans to get a line on why a fellow director in the league would figure that the league would be better off with another man in Berry's place.

**EWING WANTED McCREDIE.**

With the Portland club being dropped out of the league, Ewing saw an opportunity to better conditions in the San Francisco club and at the same time give baseball around the bay district the benefit of the popularity of Walter McCredie, former Beaver manager. At the annual meeting of the Coast League directors in Los Angeles Ewing went to Jack Cook, his long-time friend, and confided his plans to him.

Going to Cook at home, Ewing asked that Cook aid him in a plan to get McCredie into the San Francisco club and to get Hen Berry out of it. Cook listened, but said nothing except to ask Ewing that he do nothing further until evening. Ewing heeded Cook's request and kept silent. At dinner that evening Cook announced that McCredie had been signed to manage the Salt Lake club, and then, of course, it was too late for Ewing to go ahead with his plans for improving baseball conditions on the other side of the bay.

Cook was formerly secretary of the Oakland ball club and in that capacity was known to be closely associated with Ewing.

Another sidelight of the main story is the attitude of the baseball authorities toward strained relations between Ewing and Berry. Whether Berry was ever expelled from the league or into the San Francisco club or not, the authorities have reacted long enough to reach across the national or league divide and mend strained relations are certain.

It is not known whether the condition among the managers of the Coast

League, indications are that some startling announcements may be expected any time in the nature of transfers or expulsions in clubs, etc. These announcements are not likely to come from the club, but the story has never been killed before long, and now the story finally is being ground stronger than ever.

It is not known whether the league has version of the break between him and the club, but it is known that Cook is in the city for several days.

By Herbert Hauser

The fourteenth annual basketball tournament of the P. A. A. will start off with a bang early next week. Over forty teams have already sent in their lists of players and all sections of the state are represented in the various weight divisions.

Basketball in the P. A. A. was first inaugurated in 1905, when a number of teams were brought to San Francisco to play in a week's tournament at the old auditorium on Fillmore and Page streets. The tournament at that time was inaugurated by Sidney Peixotto, then president of the association. As a tournament to create interest it was a great success, about fifteen teams participating. The tournament was won by the famous All Stars of St. Sebastian, their principal players being Sam McLean, the center, and the guards, Fred Watson, of the Park Boys Club, the Watsonville, Y. M. C. A., the University of California, San Francisco, Y. M. C. A., Oakland, Y. M. C. A. and a scattered list of

A. A. a number of years to make up the deficit. The following year another tournament was held with minor success. The year 1906 found an increased interest and then in 1907 the interest took a new bound and a great tournament was run off in the then famous Fastime Athletic Club course on Geary near Van Ness avenue.

### FINANCIAL DEBITORS

Each year thereafter found more interest in the games. Followers of athletes who always claimed that basketball was the game of the future, found in the final points of the game, but the association could never seem to make the sport pay. The result was a constant financial deficit. Then the tournament was divided into the present weight classes, and the deficit was found to be based on a firmer basis in every way.

St. Joseph, Sacramento, Stockton, Warrenton and many other towns took up the sport in the last few years an average of one or two teams have participated each season.

At present, M. C. A. athletes up the sport a few more years and it is hoped that a further increase of interest, and a profit will prove no exception. Roy Haultet of the army teams and the charge of the army teams and will entertain some of this division in the final district an active contender in at least two of the Sacramento and Stockton divisions. The Sacramento and Stockton have also been active in the

### INTEREST GROWS FAST.

Exposition year brought the sport before the public when the national tournament of the Amateur Athletic Union was run off at the Olympic Club and rivalry between the famous Oakland Y. M. C. A. Golds and the Olympic Club made the public sit up and take notice. Members of the Olympic Club who had never seen a basketball game and then witnessed the exciting fight between the Oakland Y. M. C. A. and the Illinois Athletic Club, when the latter organization then national champions, went down to defeat, became wildly enthusiastic over the sport and the first sponsorship games packed the gymnasium.

Tomorrow noon at the Commercial club, the committee arranging for the TRUMBULL service field will meet. At Washington's request, will meet for three days, Monday, Tuesday and Wednesday, to plan the service field.

At this meeting the matter of the service field, the proposed location, the proposed program, and the food the soldiers will eat, will be discussed. The committee will meet in front of the Anderson at noon, and to entertain them a big dinner at the evening having raised the prospective TRUMBULL service field.

various women's organizations of the city providing the invitations for dinner and for the dancing. The committee will meet at the Commercial club at 12 noon. The dance will be at the Commercial club at 8 o'clock.

Mr. Nash, chairman; F. H. Woodward, vice-chairman; Carl F. Brainerd, secretary; C. F. Smith, Walter C. Smith, and J. H. Smith, members, will meet tomorrow noon to consider the TRUMBULL service field plan. The TRUMBULL service field plan, for the TRUMBULL service field, will be discussed at the meeting.

expenses higher than originally planned in May and the method of the proposed event. The TRIBUNE:

The program of the day is scheduled to take on a more luncheon form and the proposal for a large crowd of spectators to face Meritt for men of boxing and wrestling contests have aroused much of the "most" of the day. The place to accommodate thousands of spectators on the banks and in boats on the lake, the evening will be held on a night in a hall in the heart of Washington's birthday is a novelty that the Oakland Boosters are not yet set on.

The TRIBUNE'S marathon for service men in the morning along with aquatic events on the lake will be followed by all the men in uniform in front of the Auditorium at noon; a flag drill by school children in the Auditorium, train and field events in front of the Auditorium and boxing and wrestling on the big baseball on the Oakland Coast Guard grounds and a series of athletic and band concerts in the Auditorium in the evening. That is the plan for the day and the evening is defined as follows. The service men will be invited to various Alameda county homes for dinner and a night in the city. The program will include the evening's program with the

**\$26,000 for Stallion  
In Biggest Auction**

LEXINGTON, Ky., Jan. 16. — (Urbana) A stallion by Commander Morgan, bred in England, was sold at auction in this city when the Wicksford estate of J. W. Corbitt was disposed of at auction. The stallion was bred in the stable of New York, Conn. by Commander Morgan. It was bought in by Captain P. M. Winkler of Virginia for \$1600 while Commander Morgan was in the service of the United States Army. The stallion was imported by Maxmilian-Maid, Miami, for \$7500. The stallion broke all stallion records when different points of the United States, which were represented, was considered.

**STECHER TO WRESTLE TWO.**

ST. LOUIS, Jan. 16. — Joe Stecher, a professional wrestler, will fight tonight in the main event of a wrestling match with the local heavyweight wrestler, who is known as "The Big Boy". Stecher will wrestle Steve Slava and Max Martineau here next Friday night. Stecher has won a state of \$1000 each man to win two falls. The matches are part of a series Stecher is arranging for a possible match with Earl Caddock.

divally between the Winged C and the Golds continued and it took them a hotly fought game to decide the P. A. A. championship. Over 2000 people witnessed one of the games in the San Francisco Auditorium to settle the matter. The game was a thriller and the crowd played on this side of the bay at Mary's College gymnasium brought the packed houses. The qualifying of three teams that year at Fresno are into the receipts of the big games and the four teams that played in the city ahead the first time in the history of the league.

San Francisco was handicapped by a court of sufficient size to play off the various games and this year is no exception and the committee in charge had the same serious problem this season.

**COURTS ON THIS SIDE.**

This side of the bay is more fortunate than the other, for St. Mary's College has a fine gymnasium for the games, with the names also are played at the Municipal Auditorium. In addition to this the Oakland and Berkeley Y. M. C. A.s have also generously allowed the use of their gymnasiums.

The committee in charge this year is headed by Merrill E. Andrews as chairman, with R. C. Hinkley, Ray Turner, and Thomas de la Cruz as members. Frank Cook, the latter will have charge of the games on this side. The committee will meet tonight at P. A. A. headquarters and plan the schedule. The winners will receive silver championship medals.

### ELIMINATION PROCESS

The various district committees will have charge of their own games, which must be concluded by February 25. Some of the districts will have a tournament in adjacent districts will be conducted first. The elimination process will proceed in all games, the loss of one game in a district will result in semi-final and final games will be played in district courts.

The list of teams will not yet be officially announced until tomorrow, following a list already been received by the committee.

The Oakland Y. M. C. A. Girls will play Stanford University tomorrow night on the Oakland Auditorium floor. The game will be held in connection with the "Class Sportsmen's and Outing Exposition and should give the fans a good line of the intercollegiate line-ups for the intercollegiate series.

Although Stanford has already beaten the Girls, that game did not indicate the strength of the Stanford team. The local stars, Hjelte, Laughlin and Cate, were not in the game at Stanford last week. Hjelte is a whole team by himself. He is a star in the interclass series at the University of California, who watched the Gold star in the interclass series at Berkeley. Hjelte has given up his studies at the University of California, where he was a member of the Phi Kappa Psi Fraternity. Laughlin and Waddell, two of the old Gold team, will play forwards, while Cate, who was a member of the Hjelte center with Oakland, also a veteran, will play as a guard. Cate is a member of the A. S. Ward positions.

derson; guards, F. J. Hezler, E. J. Sams, and L. Singsing; forwards, L. Singsing, J. R. Carpenter, A. G. Rawlins and J. Gooddee; forwards, H. K. Beresford, K. Schultz, T. E. Cuff, Romeo Miller, Messing, R. Hanson, E. Chow and I. S. Kohle.

The freshmen signers were: Center, R. B. Carr, L. Presley and H. L. Chene; forwards, H. H. Hill, C. W. Waddell, Al Price, H. H. Jones, J. W. Wirths, C. S. Goodrich, H. E. Edwards, C. S. Goodrich, H. E. Edwards, E. Smith and L. Wootter.

The Athletics Club will be represented but only one team from the D. A. A. tournament in the 120-pound class, the following in the lineup: J. L. Flynn, A. White, James M. Crilly and Romeo Miller; forwards, H. Thompson, J. W. Wirths, W. A. White and R. M. Evans; guards, J. L. Wootter and J. L. Wootter.

One of the fastest games played in the Athletics Club gymnasium for some time, resulted in a victory for the Oakland team last night over the

The first basketball rally of the spring semester was held at the University of California gymnasium, where Dr. Walter Christie presided at the meeting and Harmon Gymnasium and a likely lot of cardholders signed up for both varsity and non-varsity basketball.

Of the veterans of last year's Varsity left but a number of men who have played on the 1926-27 team in the past two Y. M. C. A. basketball teams. These men have become too heavy for the light team and their experience in the game is in developing a new college team.

About those signing up for the Varsity were: Centers, M. Grull and H. P. Anderson. The guard positions, M. Grull and M. P. Anderson represents the Young Men's Institute, by a score of 20 to 24. At the end of the first half the losers were leading by a score of 10 to 12. At the beginning of the second half Trobuck of the winners started a rally and netted five winners a victory. Ludolph started for the Young Men's Institute.

The 170-pound Olympics were also successful, defeating the St. Ignatius quarter by a score of 14 to 12. At half time the winners were leading by a score of 10 to 12. A feature of the game was the shooting of the Olympics.

The Pathfinders' 120-pound basketball team defeated the C. B. C. boys by a score of 15 to 12. On a rebound M. P. mouth center, C. B. C. boys, won one of the hardest fought of the season. The losers making a game fight in the second half, but the winners were leading 5 to 6, at the end of the first half. The lineup: C. B. C. Tish, center; M. P. mouth, forward; C. B. C. Tish, guard; J. J. Kirkhouse, guard; C. B. C. Tish, forward; Trowmore and Sagonito, left and right ends; C. B. C. Tish, center. Large and Warner, guards.

The 110-pounders of the Oakland, Cal. Y. M. C. A. defeated the Clark and Scherbo at the Y. M. C. A. court last night by a score of 15 to 12. The winners were leading by a score of 10 to 12. At the high school team to one point for the winners. At the end of the first half the winners were leading by a score of 10 to 12. The school boys, The Y. M. C. A. team, made a great fight and went out in front.

At the Municipal Auditorium this afternoon opens the big Sportsmen's and Ouling Exposition under the auspices of the Oakland Elks for the benefit of the Oakland Museum. Each day's program will be featured by athletic contests of various kinds.

Today's athletic program includes the following:

Afternoon, 3:45 to 5:00 p. m.—Oakland Recreation Department presents girls in basketball. German but ball, high school girls in volleyball, and high school boys' outdoor club in volleyball contests. Boys' basketball and tug-of-war between Oakland High and Technical High.

Evening, 8 p. m. to 10 p. m.—Oakland Y. M. C. A. gymnasts in pyramids and mat drill; business and professional men's volleyball contest. Rifle shooting tournament begins under auspices of Shellmound Park and Rifle Club.

Tomorrow afternoon's program will include volleyball and basketball for girls, also boys' basketball and tug-of-war.

PHILADELPHIA, Jan. 16. — The prebziest tale of the present "stock market" season made its appearance today.

Connie Mack is going to manage the Boston Red Sox, according to public reports. Most of his old baseball club is there already. These reports of Mack is giving serious consideration an offer from Harry Frazee and that he plans to sell his Philadelphia stock and buy in the Boston club.

The same man declared the Philadelphia American league franchise would be transferred to Baltimore.

Harry Frazee denied the managerial story.

SEATTLE, Jan. 16.—Muff Bronson of Portland lacked the sleep position punning night of the previous evening. The Harry Anderson of Seattle drew a decision was announced, although it was a wild night for both fistic gentlemen. The first two episodes the Portland cut loose and wobbled the Seattleite. The four-round rally saved the night for Anderson. Muff had his man on the mat for the count of six in the second round.

Fets of Wilkeson gave Pet Mitchell of Portland an enthusiastic landing and won their encounter. Billy Williams, another Rosebud City lad, won a draw with William Hunefeldt of

SAN DIEGO, Jan. 18.—Maurice McLaughlin, the "California comet," former national tennis champion, today a full-fledged member of Uncle Sam's navy. He has been enrolled in the active service of the navy from the naval reserve.

**BOXING AT CAMP LEWIS.**

CAMP LEWIS, Tacoma, Jan. 18.—Boxing enthusiasts among the boys of the Lewis army camp are looking forward to some great sport following last night's boxing bouts which will be the start of elimination bouts in the various weight classes. Private A. Boccechi, once of Oakland, and Private B. M. Ransiero, both featherweights, will be the first to meet in the ring. Private Goldner, formerly of New York, proved a bit too much for Private R. E. Marston. Both are in the active service.

Here Is a Sensible Treatment  
That Gets Prompt Results.

For real, downright, harassing discomfort, very few disorders ever approach so-called skin diseases, such as Eczema, Tetter, Bolls, eruptions, scaly irritations and small skin troubles, notwithstanding the lavish use of salves, lotions, washes and other treatment applied externally to the irritated parts.

No one ever heard of a person being afflicted with any form of skin diseases whose blood was in good condition. Therefore, it is but logical to conclude that the proper method of treatment for almost

This afternoon The TRIBUNE opens one of the most novel athletic guessing contests ever staged around the bay. The contest will be staged at The TRIBUNE booth in the Sports-men's and Outing Exposition at the Municipal Auditorium, which opens this afternoon.

At The TRIBUNE booth will be bits of athletic equipment from about every line of sport available in Oakland or San Francisco. The contest will be a test of your knowledge of the various lines of sport; you will be asked to tell how many athletic games are represented by the sporting goods displayed; you will also be asked to name all the sports represented, and if you can pass the first two tests successfully your third test will be an effort to give the best answer within a hundred words as to why The TRIBUNE sport page is so popular with the public.

When you visit THE TRIBUNE booth at the show you will be introduced to Joe McGee, who will be the chief figure in the exhibit. Joe McGee made a special trip from Rooster Brothers to the Auditorium to help out THE TRIBUNE exhibit. A. G. Spaulding Brothers, and the Maxwell Hardware Company furnished the rest of the articles which will help Joe McGee make THE TRIBUNE booth one of the most novel displays at the show.

Orpheum Theater box seats will be the first prize for the best answers; Macdonough Theater box seats will be the second prize; for third prize will be a two-dollar box of candy from the Venus will be offered; a pair of orchestra seats at the Bishop will be fourth prize, and a pair of box seats at the Pantages Theater will be the fifth prize. Answers must be deposited in the answer box at the exhibition booth of THE TRIBUNE before 6 o'clock Friday evening and the winning answer will be announced at the ball in the Auditorium Saturday evening and published in THE TRIBUNE Sunday morning.

Write on one side of the paper only: write your name and address plainly in the upper right hand corner of the paper. No TRIBUNE employee and nobody employed in any of the sporting goods stores exhibiting goods in The TRIBUNE booth will be allowed to enter the contest.

Here are the questions again that you will be asked to answer at The TRIBUNE booth:

**TRIBUNE booth:**  
How many athletic games are represented by the sporting goods displayed?  
What are the names of the sports represented by the goods on display?  
Why is The TRIBUNE sport page so popular with the public? (Your answer to the third question must not contain more than 100 words.)

OMAHA, Neb., Jan. 16.—Grover Alexander, premier pitcher of the National League, has been placed and will not play ball with the in Class 1, Division A, of the draft, Chicago Cubs this year. Alexander received his card and he immediately wired Weeghman. "I shall ask no exemption," said Alexander. "I'm read to go. I am no slacker. I don't know what they will do about transferring me from Philadelphia to Chicago. That's up to the baseball people, not me."

## ING, SKIN DISEASES FLAMES OF FIRE

blotches, sores, boils, rough, red and scaly skin, is to purify the blood and remove the tiny germs of pollution that break through and manifest their presence on the surface of the skin.

People in all parts of the country have written us how they were completely rid of every trace of these disorders by the use of S. S. S., the matchless, purely vegetable, blood purifier. S. S. S. goes direct to the center of the blood supply, and purifies and cleanses it of every vestige of foreign matter, giving a clear and ruby complexion that indicates perfect health. # STOCK and BONDS BY WIRE FROM EXCHANGE

## LEADERS MAKE SLIGHT ADVANCE

NEW YORK, Jan. 16.—Extreme gains of one to two points were made by prominent stocks in today's dull market. Sales approximated \$500,000 shares.

Advances of one to two points were registered by popular stocks at the opening of the market. United States Steel, American Smelting and Refining, American Petroleum, and American Lumber were among the leaders. The market was generally quiet, with a few irregular features. Steel and Lumber were the most active, before selling for profits brought about a reaction. In the case of U. S. Steel and a few others, the set-back caused from a reaction to a point. Rallies were under steady pressure, and particularly some of the Pacific, Grangers and B. and O. preferred. Trading quieted at noon, but the market hardened again on another rally in equipments.

The following was the movement of prices in detail at different periods of the session:

**OPENING.** There was a strong tone at the opening. Prices during the initial trading showing upturns of from fractions to more than a point. United States Steel rose one point to 81. American Smelting and Refining, American Petroleum, and American Lumber were among the leaders. The market was generally quiet, with a few irregular features. Steel and Lumber were the most active, before selling for profits brought about a reaction. In the case of U. S. Steel and a few others, the set-back caused from a reaction to a point. Rallies were under steady pressure, and particularly some of the Pacific, Grangers and B. and O. preferred. Trading quieted at noon, but the market hardened again on another rally in equipments.

**FORENOON.** The most important feature of the forenoon was the general rise of the market and fell two points to 110. The corner shares were strong, American Smelting and Refining, American Petroleum, and American Lumber were among the leaders. The market was generally quiet, with a few irregular features. Steel and Lumber were the most active, before selling for profits brought about a reaction. In the case of U. S. Steel and a few others, the set-back caused from a reaction to a point. Rallies were under steady pressure, and particularly some of the Pacific, Grangers and B. and O. preferred. Trading quieted at noon, but the market hardened again on another rally in equipments.

**AFTERNOON.** During the afternoon Railway Steel Springs moved up 24 points to 514, while American Locomotive moved up 1 1/2 to 914. Reading was the strongest of the rail, showing a gain of over a point to 214. American Smelting and Refining, American Petroleum, and American Lumber were among the leaders. The market was generally quiet, with a few irregular features. Steel and Lumber were the most active, before selling for profits brought about a reaction. In the case of U. S. Steel and a few others, the set-back caused from a reaction to a point. Rallies were under steady pressure, and particularly some of the Pacific, Grangers and B. and O. preferred. Trading quieted at noon, but the market hardened again on another rally in equipments.

**CLOSING.** The market closed firm; government bonds unchanged; railway and other bonds advanced. Prices during the initial trading showing upturns of from fractions to more than a point. United States Steel rose one point to 81. American Smelting and Refining, American Petroleum, and American Lumber were among the leaders. The market was generally quiet, with a few irregular features. Steel and Lumber were the most active, before selling for profits brought about a reaction. In the case of U. S. Steel and a few others, the set-back caused from a reaction to a point. Rallies were under steady pressure, and particularly some of the Pacific, Grangers and B. and O. preferred. Trading quieted at noon, but the market hardened again on another rally in equipments.

## ALASKA PACKERS' ASSOCIATION WILL CUT MELON

More than \$1,250,000 is to be distributed on January 15 to the holders of 57,500 shares of the capital stock of the Alaska Packers' Association, according to the action of the new board of directors yesterday in declaring a special dividend of \$20 a share in addition to the regular quarterly dividend of \$5 and an extra dividend of \$10 out of the income of the insurance fund.

President Fortmann's report for the year showed a net profit of \$1,250,000, after all possible deductions. The total stock of the seventeen companies aggregated 1,354,222 shares, and also 3324 barrels of salmon. The association owns 93 vessels, of which 68 are steamers and launches. During the year, \$273,172 was expended on improvements of the fleet.

Immediately after the reading of Fortmann's report, Frank D. Madison introduced a resolution of the board, so as to permit of the election of an executive committee of four members of the board to exercise powers in all cases where the board has not given specific instructions. This is the first time in the history of the association that such an executive committee has existed.

The executive committee, immediately organized, consisted of Ray Bentley, A. G. Griffin, W. J. Hotchkiss and Warren Gregory. A financial committee was also organized, consisting of the following members: Frank E. Anderson, C. H. Bentley and C. W. Griffin.

The following directors were elected for the year: Hendie Fortmann, Frank B. Anderson, C. H. Bentley, R. I. Bentley, Warren Gregory, A. G. Griffin, C. W. Griffin, William Timson and Balfour Adams. The new officers of the association are: Hendie Fortmann, president; R. I. Bentley, William Timson and A. G. Griffin, vice-presidents.

Hotchkiss, Anderson, Madison, the directors and the executive committee, which is said to own 80 per cent of the association, are now in the fish canning industry on the Pacific coast.

**EVENING SUN REVIEW**  
NEW YORK, Jan. 16.—The New York Evening Sun financial review today:

Interest in today's extremely sluggish stock market was scarcely more than nominal. The buyers found scant opportunity for considerable profit and short covering was the rule.

Willard's resignation from the chairmanship of the National Labor Union and the creation of a War Labor Board by the President to control and co-ordinate labor supplies, were items of interest of the day, but had little effect on the securities market.

The opening was firm with increasing strength in the first half hour. There was a reaction in the afternoon, but a new upturn which continued with but slight modification well into the afternoon.

The steel, copper, tobacco and equipment closed showing a slight advance. The steel, copper, tobacco and equipment closed showing a slight advance. The steel, copper, tobacco and equipment closed showing a slight advance.

**Chicago Grain Exchange**  
CHICAGO, Jan. 16.—Announcement that a railroad executive had proposed a plan to build a new line from Chicago to the Gulf of Mexico, and that the plan was intended especially to hasten the movement of the grain within the ensuing three or four weeks, led to a reaction in the market. The market was also bearish affected by a renewal of peace talk. Opening quotations, which ranged from 1 1/2 to 1 3/4, were followed by an additional setback.
